This year, **Cosmopack Asia** running from **12 to 14 November at AsiaWorld-Expo (AWE)**, will showcase leading supply chain companies: ingredients and raw materials, machinery and equipment, packaging, print & label, contract manufacturing and private labels. **Cosmoprof Asia** at the **Hong Kong Convention & Exhibition Centre (HKCEC)**, scheduled from **13 to 15 November**, will host over 2,000 finished products companies in Perfumery and Cosmetics, Beauty Salon and Spa, Nail & Accessories, Hair Salon, Natural & Organic.

The continued strength of the Asian market has been driving more and more international companies interested in optimizing business opportunities to this booming market. Market research provider Euromonitor reports the Asia Pacific region currently makes up 32% of the global beauty market and has an expected CAGR of 6.7% over the next five years. Year on year, Cosmoprof Asia has established itself as the ideal platform for companies to capture growth and expansion in the region, and organisers expect a general growth for the next edition of up to **5% more exhibition space and exhibitors**.

But what, exactly, is driving the Asia Pacific cosmetics boom? The rise of product innovation, the appeal of natural and organic cosmetics and the emerging online sales are regarded as the key contributors. This year's Cosmoprof Asia designed its special initiatives with a focus on these aspects.

### Beauty Innovation on the Rise in Asia

It's no surprise to see product and packaging innovation are on the rise in Asia and are becoming a major driving force of the market growth in the region. As the trend-setting event in Asia, Cosmoprof Asia provides attendees the hub to discover the latest product innovation not just from the show floor but also from the well recognized industrial awards. The Awards were created in partnership with international trend agency BEAUTYSTREAMS to recognise the most outstanding product from Cosmopack and Cosmoprof Asia. The **Cosmopack Asia Awards** celebrates innovation, creativity and design for the supply chain, while the **Cosmoprof Asia Awards** honours the best strategies to build brand awareness and marketability. All exhibitors will be able to take part in both Awards and winners will be announced during a cocktail and charity event during the show period. More details will be announced at [www.cosmoprofawards-asia.com](http://www.cosmoprofawards-asia.com).

Another reference point for innovation will be the **CosmoTrends** report curated in partnership with global trend agencies. This trend bible is a must-have guide for all in the beauty industry to learn about new trends in Asian markets, and innovations and technologies that underline top trending products available at the two exhibition venues. All the shortlisted products will be showcased onsite at a specially designed gallery to gain the best attention from media, beauty influencers, buyers and industry leaders.
