THE GOVERNMENT AND ASSOCIATIONS FROM RELEVANT INDUSTRIES HAVE RENDERED THEIR SUPPORT IN THE EFFORT TO MAKE OGA 2019 A BIG SUCCESS!

I have no reservations that OGA 2019 will raise the bar once again, as proven in previous instalments. I certainly look forward to OGA 2019 and its role in strengthening Malaysia’s brand in the eyes of foreign investors in the OGE sector and beyond. I congratulate the Organisers and wish them and all participants the best of wishes for a fruitful culmination of OGA 2019.

Datuk Darell Leiking
President
Ministry of International Trade and Industry
Malaysia

Opportunities are endless in this sector. Technological breakthroughs make it possible to develop huge resources. We will always need bright, talented, enthusiastic and young engineers who can face up to the challenges and deliver cost effective and innovative solutions to propel the country forward as the leading O&G hub in the region and ultimately, be the preferred global choice. In this regard, IEM fully supports OGA 2019, a three-day event featuring exhibitions, technical talks and so much more attracting thousands of exhibitors and tens of thousands of visitors.

Ir. David Lai Kong Phooi
President
The Institution of Engineers, Malaysia (IEM)

MOSVA also encourages other sectors’ players, such as the financial institutions, maritime training institutions, shipyards, marine insurance and vessel classification society, which are engaged in or associated with the Oil and Gas industry, to become its associated members. We are truly honoured to support the 17th Asian Oil, Gas and Petrochemical Engineering Exhibition with more attendees and exhibiting companies than any other such show in the region, earning itself the title of the region’s number one O&G show.

Mohamed Safwan Othman
President
Malaysia OSV Owners’ Association (MOSVA)

Events such as the OGA series play a complementary role in ensuring the O&G sector dynamics in Malaysia maintain its competitive edge while cementing the country’s position as a regional O&G hub in Asia. This showcase has grown in leaps and bounds over the years, resulting in the essential regional industry catalyst today, truly deserving of its moniker as the region’s premier Oil & Gas show. The Malaysian Investment Development Authority (MIDA) is honoured to be part of OGA 2019 once again and will provide our full support towards its successful and fruitful completion.

YBhg. Dato’ Azman Mahmud
Chief Executive Officer of Malaysian Investment Development Authority (MIDA)

Hot on the heels of MOGSEC 2018, we are indeed to champion the industry once again by offering our support to OGA 2019. Indeed, OGA 2019 further complements MOGSC’s own efforts to establish greater cooperation and understanding between local industry players through the biennial Malaysian Oil & Gas Services Exhibition and Conference (MOGSEC), which will return in September 2020.

Ts. Sharifah Zaida Nurlisha
President
Malaysian Oil & Gas Services Council (MOGSC)

We are honoured to support UBM’s OGA Innovation Awards as we believe innovation can help companies gain competitive advantages. By showcasing the latest innovation in the OGSE landscape, we hope this will help spark companies to develop new products or solutions that will catalyse the industry and contribute to the country’s growth in the near future.

Mohd Yazid Ja’afar
Deputy Chief Executive Officer
Malaysia Petroleum Resources Corporation (MPRC)

At MOCA, our aim is to promote a cohesive working relationship amongst contractors in the Oil & Gas offshore industry. In this regard, we highly applaud the efforts of the Organisers of OGA for once again propping up Malaysia’s reputation as a player in the global Oil & Gas arena.

Ir Hisham Haron
President
Malaysian Offshore Contractors Association (MOCA)
SPECIAL HIGHLIGHTS AT OGA 2019 TO LOOK OUT FOR!

OGA Innovation Awards
The inaugural OGA Innovation Awards 2019 jointly organised by MOGSC and MPRC will be held to recognise and honour local companies and individuals who are at the forefront of homegrown innovation. Cell-Media produces programs that combine multiple user types with motion graphics, 2D & 3D animation, HD video production, photography, accompanied with interactive assessments and a training, tailcoat management system.

**CHANG SHIN INTERNATIONAL CO LTD**
Economical & Eco-friendly YAMOC; CSI’s water hammer is approved by high pressure water from a water pump and cold water recycling system. it can save energy and other resources dramatically.

**CHROMATOTEC**
For complete analysis of sulfur compounds in hazardous area, Chromatom® develops the energy/MOD® which measures all analytes R5, DMS, DMD and Mercaptans generally presents in natural gas with certified solution.

**CHROMATOTEC COMPANY**
For complete analysis of sulfur compounds in hazardous area, Chromatom® develops the energy/MOD® which measures all analytes R5, DMS, DMD and Mercaptans generally presents in natural gas with certified solution.

**CIAS PERIMETER PROTECTIONS**
CIAS PERIMETER PROTECTIONS Ermo482x3Pro, a digital microwave barrier, from 50 to 500m. Fuzzy Logic, analysis dives high PoD, and low FAR, 99.9% for protection of HPP, prisons, military basis, petro-chemical sites, etc.

**COSASCO SDN BHD**
Access your system SAFELY with COSASCO Retriever Tool; which can withstand up to 6000 PSI operating pressure.

**CRESCENT ENGINEERING (M) SDN BHD**
Mechanical rotating & turbo machinery equipment repair and servicing — i.e. pump, blower, compressor, steam turbine, centrifugal compressor & reciprocating compressor.

**CYGNUS INSTRUMENTS**
CYGNUS INSTRUMENTS LIMITED CYGNUS is a leading manufacturer of ultrasonic testing equipment. Pioneers of the multiple-echo measuring technique which has long since been an industry standard for through coating measurement of material thickness.

**DAE HWA ENGINEERING SERVICE CO LTD**
Dae Hwa Engineering Services specializes in the supply of offshore parts for marine & power industry. We also supply pipe & cable protection for subsea use.

**DAEYOUNG I&T**
Diaphragm gas meter G40-G10.

**DAENSU**
We are prepared to show you the various kinds of Gas Metres, used from residential to industrial fields with Wireless AMI, Wired or Handheld AMI and Pre pay systems.

**DAKOTA INTEGRATED SERVICES SDN BHD**
We are an exclusive agent to MHD Offshore Group which specialises in providing full range of Motion Compensation and Tilt- Tensioner Systems with an established maintenance facility located in Labuan.

**DANCOMEC ENGINEERING SDN BHD**
Dane-Mech Engineering Services. SDN Bhd has successfully managed to meet the demands of major market.

**DASTEK**
We are the importer and distributor of blaser products, the range of metal working fluids, mainly water miscible mineral oil based, synthetic fluids and cutting oils for precision manufacturing industries. Our range of customers comes from various industries: Aerospace, military, watch industry, marine, automotive industry, tools grinding industry, watch industry, bicycle industry and fishing industry.

**DENSO**
Denso™ Petrolatum Tape Systems offer long-term corrosion prevention to above & below ground steelwork and marine structures. Features: minimal surface preparation, wide range of operating temperatures, conforms to regular shape.
DENYO UNITED MACHINERY PTE LTD
Denyo, Power Source Technology for the Future.

DFINITI TECHNOLOGIES SDN BHD
DFINITI offers the key to quality and cost-effective thermal solutions. With the expertise in Electric Process Heating, we developed competence in other thermal applications, providing a one-stop solution to our customers.

DOITE (M) SDN BHD
Underwriter laboratory classified NFPA 2112 Certified Garment for aroused worker safety cover.

DONGSAN VALVE CO LTD
Dongsan Valve is one of the Korean leading manufacturers of industrial steel valves.

DRAEGER MALAYSIA SDN BHD
Dräger X-am 8000 is an innovative and versatile handheld multi-gas detector for measurement up to seven toxic or flammable gases, vapors and oxygen simultaneously, either in pump or diffusion mode.

DTAIC INSPECTION EQUIPMENT CO LTD
We mainly engage in related equipment's R&D, inspection service, data analysis after inspection, and proposing engineering assessment of pipeline according to the results.

EAYUAN METAL INDUSTRIAL CO LTD
#150/100 Metal Seated Ball Valve, Full Port, Flange Ends, API 6FA Fire Safe approval. Low Erosion. Size: 1/2” - 8”

EBARA PUMPS MALAYSIA SDN BHD
Ebara Cryodynamics line is renowned in the engineering and production of specialised cryogenic Sparkfired gas pumps and turbine expanders. Its world class innovation ensures product quality, reliability and performance.

ECMS RESOURCES SDN BHD
The Guardian is a 150m depth rated lightweight and compact underwater inspection robot fitted with high resolution colour video camera and LED lighting.

ECON INDUSTRIES SERVICES GMBH
Econ Industries offers solutions for the recovery of resources from industrial hazardous wastes and contaminated soils. Our aim is to avoid incineration and landfilling with our Vortrex® technology.

ECON INDUSTRIES SERVICES SDN BHD

ELLAS TC SDN BHD
Ella Tec provides engineered products for Heat Transfer solution, Scrubbers, Pumps and Exhaust, for the Oil & Gas industries. Our solutions include upstream Oil & Gas, E&G and downstream, covering all needs of packing and after-sales service and spares.

ELM LIGHTING SDN BHD
Elliott Global Service includes OEM spare parts, equipment repairs, field service, design engineering, fabrication, re-engineering and refurbs.
